NPIC/P&DS/D/6-1566  
16 September 1966

MEMORANDUM FOR THE RECORD

SUBJECT: Release of BPE Sub-assemblies for Multiple Unit  
Fabrication

25X1 1. In a meeting at [ ] on 16-17 May 1966,  
it was agreed that [ ] would schedule the multiple fabrication of  
such assemblies and advise NPIC. NPIC would then invite liaison  
representatives for a meeting at [ ] as early as possible; and  
after consultation with the representatives, would release the  
components for multiple unit fabrication. 25X1

2. In accordance with the above agreement and a review having  
been duly made of the following sub-assemblies on 14-15 September  
1966, they are herewith released for multiple unit fabrication.

- a. Objective lenses (6) including focus assemblies
- b. Condenser elements (6)
- c. Optical frame (main frame)
- d. Lower frame (shock mounted stand)
- e. Vacuum platen (easel)
- g. Platen drive assembly, DWG # 1-023-E-005
- h. All fractional H.P. motors
